GIVE 20

TO EDUCATION

A practical guide for ALA Units

20TH ANNIVERSARY EDITION

Choose something a local school, classroom, or student-support program needs. Collect or donate 20 of that item—or several groups of 20.

HOW IT WORKS

- Ask the school what students and staff need most.
- Choose requested items that fit your Unit's budget.
- Invite members and the community to donate in groups of 20.
- Deliver the collection; record totals, value, hours, and approved photos.

ASK BEFORE COLLECTING

Confirm brands, sizes, technology compatibility, and school rules for food, cleaning products, or personal-care items. Asking first prevents well-meant supplies from going unused.

Units may also collect funds and purchase exactly what the school requests.
